INSTALLER NOTES

1	Start at Wall A, 30.5 cm from its left corner: snap a plumb line there and hang panel 1 with its left edge on the line, level.
2	Keep going to the right, panel by panel. Route: Wall A, then Wall B, then Wall C, then Wall D, then back onto Wall A.
3	The run comes back to the line: the cut lands in panel 30 of the mural, 40 cm from its left edge (the 12 cm closing allowance).
